

TEMPERANCE MEETING

A big temperance meeting at the City Mission Sunday at 3 p. m., under the auspices of the W. C. T. U. Everybody is invited.

Catarrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to

its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

NO PROMOTORS WANTED

Washington.—Attempts of promoters in the West to make personal profit out of the organization of joint stock land banks under the

federal farm loan bank system, resulted today in a suggestion to the department of justice by the farm loan board that federal prosecutions be brought against such promoters.

The board has ruled that no charter shall be granted a joint stock bank for the promotion of which any commission has been paid.

Members of the board explained that attempts to promote organization of banks for commissions has become a scandal in the West, and that the government should use every effort to suppress these operations.

WANT AN UPTOWN OFFICE

Secretary Anjal, of the Commercial club, left last evening for Denver, where among other things he will consult with the telegraph com-

pany as to the necessity of an uptown telegraph office in Scottsbluff. At the present time one operator is employed jointly by the telegraph company and the railroad company. Business has increased to such an extent that the operator is compelled to give so much of his time to the railroad business and the handling of the train messages, that there is not much chance of the public getting service. The business men and others of the city would find it a great convenience to have an uptown office, where the operator would not be constantly called by the railroad company to take train orders. Scottsbluff has the business to justify the maintenance of a separate office—but one thing sure, we will never get

it unless we make a demand and back it up by the Commercial Club.—Scottsbluff Star-Herald.
